

## **Orascan® 3<sup>rd</sup> Generation Oral Fluid Drug Testing**

*'In my opinion Orascan is the perfect answer to Drugs of Abuse oral fluid analysis.*

*It is the most dignified, clean, and straight forward method of sample collection I've experienced in twenty years as a practitioner in this field.*

*When you combine these features with its accuracy levels, reliability, scope of detection, and detailed toxicology reporting system, Orascan is, without question, my first choice method for oral fluid drug testing.'*
